

# TIME

## LESSON 22

### Let's Read!

Demi wakes up at half past seven every morning. She has breakfast at 8 o'clock, gives mummy and daddy a big hug and kiss, takes her bag and leaves for school at quarter past 8.

School is over at quarter to one.

At quarter past one she's at home. She has lunch and goes to her room, where she relaxes by listening to music or **looking through** a fashion magazine, or even **taking a quick nap**.

Soon after, she studies her schoolbooks and does her homework. Finishing her homework, she has enough time to do her hobby. If it is a weekday, she has an early dinner and at 9 o'clock sharp she goes to bed. She has to get up early the next day. If it is Friday or Saturday night, she **stays up** late, because she can sleep in the following day.
